. Profile

I am currently working as a Web & Mobile Developer and technical support consultant. Work as technical support, then head of the technical support department.

Stagnation bores me, so I'm always looking for something new to do and learn. I'm always looking to improve what I already know.

. Employment History

Mobile & Web Developer at Garnet Technology, Buenos Aires

FEBRUARY 2022 – PRESENT

Develop a web app in React.JS used as an internal tool by employees in charge of providing technical support, with which they can quickly and efficiently obtain the necessary security alarm data.

Currently I am part of a team developing the application in React Native to control alarm systems

Head of Technical Support Department at Garnet Technology, Buenos Aires

FEBRUARY 2021 – SEPTEMBER 2022

I provide technical support on EVERYTHING related to the products that the company manufactures

Helped to increase customer return rates by providing excellent customer service at all times.

. Technologies
